horses gone, and no sentinel on watch. TRAVELERS' REGISTER-Our readers rill find a register of the arrival and departure of trains from this city at the,

KNIGHTS OF PYTHIAS.—Uniform Lodge K. of P., turned out in full force yester day alternoon, and paraded through the principal streets in the city. Vaas' excellent band headed the procession, and

discoursed such music as only that organ ization can. The Knights in their new and handsome uniform made an elegant display-as fine a one as we remember to have ever seen in this city. After marching as above stated, the column halted in front of Peterson's Block on Main street and then proceeded to their lodge room in one of the upper stories of that building. After doffing their regalis, &c., the members repaired to their homes to await the opening of the grand ball at Turner Hall in the

evening. At the hour advertised for the festivities to begin, they repaired to the hall, and in company with a large number of their friends, both male and female, passed the greater portion of last night in dancing and enjoying the fine tableaux prepared expressly for the occasion. Everything went off smoothly, and, although the company did not separate until long after midnight, it was with re-

gret that many heard the hour for closing announced. If our memory is not at call and give us a trial. fault, yesterday was the first time the Knights ever marched through our streets in uniform. Expressions of admiration at their splendid appearance and gentlemanly bearing were freely uttered by the hun-dreds who crowded the sidewalks along the route of the procession. Altogether the parade and ball were grand successes.

New IRON MILL-We are informed by parties who have been solicting stock for a few days, that the Iron Mill to be located on the grounds of the "Wheeling and Belmont Wine and Grape Growing Association," is now a fixed lact—the choice line of Foreign and Domestic Casamount (\$100,900) necessary for organization having been secured.

This is considered by knowing ones in such matters, the best location for a mill and furnsce in this entire region, having a large stock of German and Pancy inexhaustible beds of coal and timestone at the very mouth of the furnsce, and facilities for shipping by river and rall unsurpassed. Books will be opened in a few days for additional stock-say \$100,000 more.
